

CALIFORNIA INSTITUTE OF TECHNOLOGY BENEFITS OFFICE

Welcome to the California Institute of Technology!

Together with the Caltech Student Health and Counseling Center, we are committed to helping you enjoy your time here in good health and wellness.

Your health and well being are very important to the Institute. That's why all registered students are required to have both Medical and Dental Insurance — either through Caltech or through another source such as your parent's employer.

Before the start of every new academic year, you must make the choice to enroll in or waive the Caltech Student Health Insurance Plan and Student Dental Plan. You can enroll in one plan but not the other. For example, if you have comparable health insurance but no other dental insurance, you can waive the Student Health Insurance Plan and still enroll in the Student Dental Plan.
